INDEX TO TROPICAL AGRICULTURE

Index to Volume XV—January to December, 1938.

Nos.	Months.	Pages.
1	January	1-24
2	February	25-48
3	March	49-72
4	April	73-96
5	May	97-120
6	June	121-144
7	July	145-168
8	August	169-192
9	September	193-216
10	October	217-240
11	November	241-264
12	December	265-288

College News Bulletin.

July, December 8

GENERAL INDEX.

A.

Pages.

Agriculture, Ecology in 264-65
Agriculture, Inter-departmental Co-operation in the Development of Tropical African 102-04
Agriculture, Plant Physiology and ... 123-25
Amazon Fly in British Guiana, 1937, Status of the 232-33
An Experiment on the Hand-collection of Egg-masses of Citrus Weevils (*Diaprepes* spp.) in St. Lucia 112-14
Animals, The Rôle of Manganese and Cobalt in Plants and 161-62
Antigua, B.W.I. and a Suggested Method of Control, Some Observations on Manson's Eyeworm of Poultry in ... 66-68
Appreciation—Professor R. Cecil Wood, M.A., An 259
Appreciation—Sir Geoffrey Evans, C.I.E., M.A., An 246
Avocado (*Persea Americana*, Mill) in the West Indies, The 225-26

B.

Banana Diseases XII 276-82
Barbados Molasses, Micro-organisms Causing Fermentation Flavours in 109
Biological Control of the Weed (*Clidemia hirta*) Commonly Known in Fiji as "The Curse" 173-74

B.—*Continued.*

Pages.

British West Indies Fruit and Vegetable Conference 73-74
British West Indies, Red Root Disease of Limes in the 105-08
Buildings in the Lesser Antilles, Notes on Termites Destructive to 220-24
Bush-clearing Work, Some Factors Governing the Efficiency of African Labour in... 154-61

C.

Cacao *see* Cocoa.
Calcareous Soil, The Phosphate Requirement of 183-86
Cane *see* Sugar.
Catalase Ratio as a Rapid Method of Seed Testing, Determination of 260-61
Chemical Notes 23, 46, 71, 94, 119, 143, 166, 191, 215, 239, 263, 287
Chemical Research in Hawaii 98
Citrus Scab Disease on Grapefruit in Trinidad 77-79
Citrus Weevils (*Diaprepes* spp.) in St. Lucia, An Experiment on the Hand-collection of Egg-masses of 112-14
Clidemia hirta Commonly Known in Fiji as "The Curse", The Biological Control of the Weed 173-74
Cobalt in Plants and Animals, The Rôle of Manganese and 161-62

C.—*Continued.*

PAGES.

Cobalt in Soils... 174
Cocoa Bean, The Pigment of 258
Cocoa Cultivation in Grenada 18-19
Cocoa Shell as Fodder for Horses ... 170
Cocoa, Swollen Shoot of 110-11
Coffea arabica, Planning Field Experiments on 16-18
Coffea arabica, Plot Size in Field Experiments with 52-55
Coffee Selection in the Netherlands Indies... 87-90
College Library, The *see* I.C.T.A.
Comparison of Four Sugar-cane Varieties in Trinidad, The 199-201
Concentrate in the Tropics, Dried Grass ... 267-70
Conference, British West Indies Fruit and Vegetable 73-74
Copper Deficiency in Cultivated Soils ... 275
Copra Deterioration, Practical Aspects of... 211
Cotton Association Meeting, Sea Island ... 14-15
Cotton in Florida, Sea Island 104
Cotton Plant, A Note on a New Method of Control for Insect Pests of the ... 45
Cottons, Recent Improvements in Indian ... 83-84
Crotalaria juncea, The Influence of Light on Shoot Elongation and Branching in ... 202
Cultivated Soils, Copper Deficiency in ... 275
Cultivation of Lime Trees 198
Cultivation of the Tonka Bean (*Dipteryx odorata*) with Analyses of Trinidad, Venezuelan and Brazilian Samples, History and 4-9, 28-32

D.

Dickson, The Late Mrs. J. R. 27
Deterioration of Harvested Sugar-cane, The 203-09
Determination of Catalase Ratio as a Rapid Method of Seed Testing 260-61
Disease of Limes in the British West Indies, Red Root 105-08
Dried Grass Concentrate in the Tropics ... 267-70
Diseases, Banana, XII 276-82

E.

Ecology in Agriculture 264-65
Effect of Zinc on Growth 233
Egg-masses of Citrus Weevils (*Diaprepes* spp.) in St. Lucia, An Experiment on the Hand-collection of 112-14
Entomological Contributions to the Study of the Sugar-cane Froghopper 56-65
Eradication of Lalang Grass 202
Ethylene Treatment of Tobacco, The ... 90-91
Eucalyptus deglupta Blume (*E. Naudiniana* F.V.M.) Kamarere 82-83
Evans, C.I.E., M.A., An Appreciation—Sir Geoffrey 246
Eyeworm of Poultry in Antigua, B.W.I. and a Suggested Method of Control, Some Observations on Manson's 66-68

F.

Faulkner, C.M.G., Mr. O. T. 259
Field Experimental Results Statistically, The Importance and use of Appropriate Assumed Means in Collating 247-58
Field Experiments on *Coffea arabica*, Planning 16-18
Field Experiments with *Coffea arabica*, Plot Size and 52-55

F.—*Continued.*

PAGES

Field Trial of Three Popular Green Manure Crops in Trinidad, A 114-15
Fiji as "The Curse", The Biological Control of the Weed *Clidemia hirta* Commonly Known in... 173-74
Florida, Sea Island Cotton in 104
Fodder Crop Research in the Tropics, Pasture and 49-52
Froghopper, A Note on Pyrethrum as a Possible Insecticide for the Control of the Sugar-cane 75-76
Froghopper, Entomological Contributions to the Study of the Sugar-cane 56-65
Fruit and Vegetable Conference, British West Indies 73-74
Fruits, The Storage of Tropical 171-73
Fundamental and Applied Research ... 145-46
Further Studies in Tropical Land Tenure 99-101, 132-37, 163-65, 175-78, 195-98, 227-32, 243-45, 271-75

G.

Ginger Cultivation in Jamaica 86
Grapefruit in Trinidad, Citrus Scab Disease on 77-79
Grass Concentrate in the Tropics, Dried ... 267-70
Green Manure Crops in Trinidad, A Field Trial of Three Popular 114-15
Grenada, Cacao Cultivation in 18-19

H.

Hand-collection of Egg-masses of Citrus Weevils (*Diaprepes* spp.) in St. Lucia, An Experiment on the 112-14
Harrison, C.M.G., Professor E. 242
Hawaii, Chemical Research in 98
History and Cultivation of the Tonka Bean (*Dipteryx odorata*) with Analyses of Trinidad, Venezuelan and Brazilian Samples 4-9, 28-32
Holdings in the Tropics, Settled 147-53
Horticultural Practice, The Relation of Growth Substances to 26-27
Horticulture, Soil-less 111
